

# PROTECT. HEAL. EMPOWER.

## OUR MISSION

To restore and save the lives of sexually abused children especially in the poorest regions by providing access to safety, recovery, and the tools for long-term empowerment.

## OUR VISION

A world where every child is safe, valued, and free from all forms of abuse.

## OUR CORE VALUE

Every child, everywhere, deserves protection, dignity, and the opportunity to reach their full potential.

Because Every  
Child Deserves  
a Life Free  
from Fear.

# THE NEED

While our work begins in Cabo Verde where In 2024 alone, 184 cases of child sexual abuse were reported, a 23% rise from previous years, we are actively identifying countries with alarmingly high rates of child sexual abuse to guide future program expansion and strategic partnerships. The following continents have been prioritized due to the urgent need for intervention:

## AFRICA

More than 79 million girls and women in sub-Saharan Africa were raped or sexually assaulted before age 18. Up to 1 in 5 African children face online sexual exploitation or unwanted sexual requests.

## ASIA

Over 148 million girls and women across Asia were sexually assaulted in childhood. Nearly 1 in 4 girls in South Asia experiences sexual violence before age 18.

## EUROPE

About 1 in 5 children in Europe has experienced sexual violence. In 2023, European hotlines recorded 36 million reports of child sexual abuse content online.

## NORTH AMERICA

In 2024, over 229,000 U.S. children were identified as victims of sexual abuse. More than 42 million adults in the U.S. are survivors of child sexual abuse.

## SOUTH AMERICA

Nearly 1 in 5 girls in Latin America and the Caribbean report sexual violence before age 18. In Brazil alone, child sexual abuse reports rose 68% in 2023.

## AUSTRALIA

More than 28% of Australians experienced sexual abuse in childhood. Online child exploitation reports increased 41% in one year.
